# I.2. Ouvrir son projet

## INTRODUCTION

Un adulte ne se rappelle que 25 à 50 % de ce qu'il entend. Écouter nécessite de la concentration et de l'attention pour comprendre la signification des mots et des phrases. Lorsque vous écoutez véritablement, vous identifiez le langage corporel, les signaux verbaux et non verbaux qui confirment ou nuancent ce que l'orateur est en train de dire.

Dans ce projet, vous apprendrez quelle est la différence entre écouter et entendre, vous verrez comment comprendre et établir une connexion avec un orateur et vous découvrirez comment l'écoute contribue à établir des connexions solides et durables. Vous découvrirez la relation entre l'écoute et un leadership fort.
