

TABLE TOPICS MASTER:

Table Topics session are exciting, entertaining and challenging. Challenge speakers to listen, think, organize and speak “on their feet.” Allows members and guests the opportunity to speak at the meeting. Many resources for Table Topics questions are available on Internet.

Select members who do not have any assigned roles.

Encourage guests to participate.

Ask simple questions that inspire speakers to explain their opinion or answers.

Ask questions appropriate to the theme of the meeting.

Ask the question before selecting a participant (this makes people listen).

Allow the speaker time to think before responding.

It is okay for speakers to “not answer” the question, and even to “lie.”

The Table Topics Master should talk very little.

Toastmasters and Guests, We want to challenge you to develop your impromptu communications skills, to effectively “think on your feet” by answering unrehearsed questions. The four essential communications skills are; Listening, Thinking, Organizing and Speaking.

Today I will be asking questions on a certain topic or theme. Your response must be between one and two minutes as already explained by our Time-Keeper.

Repeat each question. Lead the applause. Give **each person a different question.**
